2011 SNRC High School Regatta

Results for Sunday, May 15th

Determination of Results: In light of the cancellation of event finals due to deteriorating weather, the Regatta Committee has awarded standing in each event according to the order of finish across all heats. The fastest boat across all heats of an event has been awarded the gold medal for that event; the second fastest, silver; the third, bronze; and so on, to sixth place. The finish time posted for each boat is the finish time from its heat.
